Mr. Myers brought the Council up-to-date on the progress of the renovation program as follows:

Folding Partition Header - A special meeting of the committee was called on Tuesday, July 20th, conducted by Mr. E. Schwartz, in order to decide what type of partition to install so that the header could be completed. After a lengthy discussion on the matter it was agreed to shorten the pair of partitions to 37'8" and install a 3' 6"x6" partition at one end to facilitate the access from one side to the other for the young members of the department. A motion was made and seconded to accept the above proposal provided that it did not exceed the original quotation of \$2,949.00, in fact it should be lower.

Inasmuch as the quotation received was for \$2,850.00, the job contract was signed in accordance with the above.

Auxiliary Heating - It was decided to defer this project for the Fellowship Hall until the Council feels that it will be too costly to heat under the present set-up.
