Re: Masonry Restoration

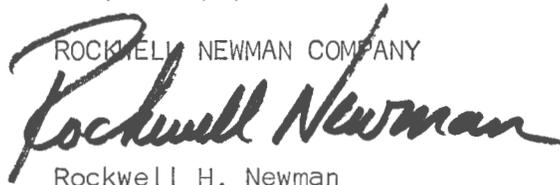

Dear Mr. Myers:

We recently recieved several orders for spring work in the Baltimore area. We would hope to be able to schedule your project in conjunction with these other jobs if you could advise us as to the present status of the project.

If we can be of any assistance or help in this matter, kindly let me know.

Very truly yours,

ROCKWELL NEWMAN COMPANY

Re: Masonry Restoration

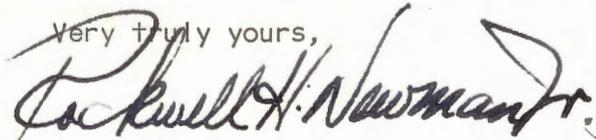

Dear Mr. Myers:

In Mr. Shader's absence, I wish to acknowledge your letter of December 13th regarding the waterproofing of the Church School Building.

Either Mr. Shader or myself will be available next spring to go over this project in detail with you and your committee.

We shall look forward to hearing from you then. Meanwhile, may we extend our best wishes for a very Merry Christmas and Happy New Year.

Very truly yours,

Rockwell H. Newman, Jr.

Baltimore 31, Maryland

Attn: Mr. H. W. Crosswell

Dear Mr. Crosswell,

On behalf of the Church Council and membership at large, I wish to express our thanks to you for your estimate dated November 23rd, with regards to waterproof a portion of the old building at East Avenue and Dillon Street.

Inasmuch as we are in the process of working out a financial program for this undertaking, we must delay this project until Spring of 1965; at which time I will again contact you concerning this work.

Thanking you for your promptness and cooperation in this matter, I remain

Sincerely yours,

Jon

Dear Mr. McCarthy:

I am writing you regarding the acoustical ceiling system for the second floor of the building at 330 W. 24th Street, Baltimore, Md. The system consists of a grid of acoustic tiles which will provide excellent sound absorption and reduce noise levels in the area.

The system is designed to meet the requirements of the building code and will provide a long-lasting, low-maintenance solution. The tiles are made of a lightweight, fire-resistant material and are easy to install and maintain.

Very truly yours,

John H. Hampshire, Inc.
