Dear Rev. Rasche,

We received your check for \$75.00. We appreciate very much this expression of concern for the work we are doing with children. Your support of our ministry has helped to make possible the growth and development of the services Hoffman Home is providing.

The children in care generally had a rather pleasant time over the holidays. One little nine year old girl had an experience that many of us will remember for a long time. After an absence of eleven months her mother visited her unexpectedly. The mother walked into her cottage, and the girl didn't remember her. The mother said, "Don't you remember me? I'm your mother!" A little later in the conversation the girl said, "I still have the letter daddy wrote me." The mother asked, "Which daddy?" This child (and mother) needs the specialized help of the Hoffman staff.

With the best of wishes I remain,

Sincerely,

Gerald W. Hagmayer
