

Church School Mission Statement

It shall be the mission of United Evangelical Church School, and its staff, to convey the teachings of God's word to the children of our church family, as well as other children from our community who desire to be a part of our Christian education program. The program is Bible centered and allows children to interact and be a part of their learning. Each year special events take place that involve the whole family. There is usually a picnic in the summer. At Christmastime families can participate in Tinsel Sunday, a day of worship, fellowship, dinner, and the making of crafts and adorning the church and church school building. An adult Bible study group also meets during the church school time. As the church school grows, there are opportunities for more adults to join the church school staff. Its dedicated staff welcomes new children, young adults, and adults.

Furthermore, we shall strive to teach and instill an understanding and appreciation for family values, social skills, and other aspects of their growth and preparation for life that will encourage them to become the future leaders of our church and our community.
