*PROCESSIONAL HYMN

THE LITANY

Leader: Lord, accept us the way we are. Have pity on us who have given pain to others. Have pity on us who have become trapped in our own pain.

People: *Forgive us, we pray*

Leader: Lord, we confess that we have been arrogant and self-indulgent, making human power absolute, ever seeking to despise one another, acting with cruelty, prejudice, suspicion, and jealousy.

People: *Forgive us, we pray.*

Leader: Soften our unrepentant hearts that will not accept other people. We have been weak in the face of the evils of this world.

People: *Have mercy upon us.*

Leader: We have been indifferent, as though we share no responsibility for the sin and suffering of the rest of the world.

People: *Have mercy upon us.*

Leader: We are aware that sometimes the things we have worked so hard to build in this world have not been in keeping with your will.

People: *Make us builders of peace.*

Leader: Crucified Lord, Our Savior, we believe that you alone can save us from the depths of sin and these terrible facts of our existence.

People: *Save us, we pray.*

Leader: O Lord, by your sacrifice on the cross, you have liberated us from sin and death and made us free people.

People: *For this we give thanks.*

Leader: O Lord, by your righteousness and love, make us humble, enable us to forgive others,

grant us mutual understanding, give us the power to love one another.

People: *Make us builders of peace.*

Leader: Although today evil seems to rule the world, we know you are indeed the one who judges, directs and rules the world, now and forever more.

People: *Show forth your power, we pray in Christ's name.*

Leader and People: *Amen.*
