RE: Memo for the Records

At 12:45 p.m. today I received a phone call from a Mr. Bakus, who identified himself as an attorney for the Bay Welding Company. He requested that you call him at 825-7860. I quote him as follows: "We want our money."

At that point I called you and notified you of the phone call and also tried to call Mr. William Single to let him know of the above.

You called me back to advise that you had called Mr. Bakus and told him to contact Mr. Single who has been authorized to speak for us. At that point you also told me that you called Mr. Single and apprised him of the situation.
