Need decision on new air conditioning unit cong.

The cost of the new a/c is \$4000

Not replacing will put a ~~new~~ strain on the other three units.

Mr. Rob Gundlach suggested we put a timer on the new a/c so it would come on Sunday mornings. Mr. Voelker explained that would cost more money.

Pastor Fair suggested we repair ~~both~~ ^{both broken} units before trouble happened.

Mr. Long suggested replacing the whole system. This would cost around ^{\$30,000 -} \$40,000, But there are no real quotes.

Motion made by D. Canoles / Fred Long. To replace all four units. Mrs. Tader wants a fund drive to be part of the motion
unanimous for this motion

meeting suspended until after 10:30 service

Martin Walsh inquired whether we would
save money if we replace all four at once
Mr. Voelker said yes.

Mr. Myrick explored the possibility of
buying one unit to ~~fit~~^{furnish} the
whole building. Mr. Voelker replied
too much money.

Unanimous vote again

Marty Craig donated \$2200 - the
guild will donate
