Mr. Tallagsen suggested that if the city does not do something about the water problem we should do something about it. We should try to call the mayor on the radio to get him to do something about it. We want to find a short term solution.

Bus Committee

We have called the people to tell them the bus is no longer in use. It was suggested that the church will reimburse you for the money you spend on a cab. We will try to get another member to run them home. Mr. Voelker stated that this could run into big bucks. We should try to get a flat rate.

It was also suggested that we start a car pool and possibly check the insurance--see if we can get a rider on the insurance policy. Mr. Parker will check our records.

Mr. Jacobs suggested that we start a membership directory. We should also have more aggressive advertising to solicit members. Also, the constitution should be updated.
