by Clarence Rowell

Total expenses. \$ 419.67

Note: - If we would have had 150 persons at each performance the amount of food prepared would have worked out much better. Much of the food which was left over was sold on a donation basis. I believe we collected about \$136.00. The one ham that I did not use was raffled off and I think we made on sale of tickets about \$157.00 (not bad.) I did not get a copy of National Beef bill: -

6 ready to eat football hams (5 used)
12 cans No 10 size stringbeans
12 " " " " corn
1 case mayonnaise
1 carton small containers oleo.

Jim T. - 72 cans special Crab meat.
I feel real good about everything & I hope
you all do too.
