March 16, 1971

Mr. Arthur A. Block
Financial Secretary
United Evangelical Church
East Avenue and Dillon Street
Baltimore, Maryland 21224

Dear Mr. Block:

Thank you for your letter of March 10th, inquiring about the current replacement cost of the organ in your church.

If a new organ were to be built exactly to the specifications of the present organ, as contained in our file, it would cost \$26,872.50. This does not include any casework, which I understand was not included originally either; but it would be for a complete instrument of ten ranks and three manuals, built to the same specification as the present one.

I trust this will be helpful to you.

Sincerely yours,
WICKS ORGAN COMPANY

John E. Sperling
Tonal Director
