Re: Correspondence Dated May 3, 1971

Dear Mr. Block:

In answer to your correspondence of May 3, 1971.

To replace your existing 900 lb. bronze and electrify same at todays prices conservatively would be \$5,000.

The 500 lb. bell would be \$3500.00.

The tower clock would be \$5500.00.

On July 21, 1970 I presented prices on updating your existing bells and clock.

I also forwarded a reminder on March 10, 1971 in this regard.

On June 20, 1971 a price increase will be in effect and the only exceptions will be those prospects who have made a stabilization payment of \$100.00 before that date.

We would appreciate receiving your valued order and anxiously await your reply in this regard.

Yours very truly,

The I.T. Verdin Company

Alexander J. McHugh
