Allen Organ Company  
Macungie, Pennsylvania 18062

Dear Sirs:

We currently have a three-manual Wicks pipe organ of ten ranks of pipes to which there has been some interest expressed for additions to be made. Therefore we would like to set up a time when a representative of your company will be in the Baltimore area and can meet with our Director of Music and myself to discuss what additions you would recommend and the various costs involved.

Since our console is such that expansion seems easily possible, your help in this regard will be most appreciated. Please get in touch with us at your earliest convenience.

Sincerely,

Rev. W. Scott Hengen, III  
Pastor
