Attn: Ms Cameron

Dear Ms Cameron

This is to confirm our conversation today concerning the trash basket at the corner of Dillon and S. East Ave., near the bus stop at the church. As Mrs. Armstrong explained to you, high school students wait on this corner for the bus to go to high school in the morning, and eat their "breakfast" here. Then, in the afternoon, the younger students from the middle school eat their after school snacks here while they wait for the bus to take them home. We had finally got them trained to put their trash in the basket, and the street and sidewalk were clean, when the basket disappeared, and all our training has done no good with no basket there, and the corner is a terrible mess. We will much appreciate having the basket returned. Not only will it make the street and gutter cleaner, save us the time and effort of twice daily pickups, but it does serve to train the young people to treat their city a little bit better.

Sincere thanks to you for your help,

Rev. Robert M. Armstrong, Pastor
