***"If you want peace in your heart make space for it,
If you want peace in your world make a place for it."***

from "Sophia's Here" by The Sea Wall Singer

"Mellow Yellow," a vintage tear-drop RV trailer recently christened "The Peace Bubble," will depart from Carlsbad, California in early January on a one-year peace mission.

It will bring its non-sectarian, non-political educational peace message to schools, churches, synagogues, mosques and public gathering places throughout the United States.

Each stop will offer free [live music](#) and a priceless message: "Imagine Another World is Possible."

"The Peace Bubble" will serve as a creative space and a [listening post](#) for the curious to gather and explore ideas that make for peace in the heart and in the world.
