TRIBUTE TO DR.P.MENZEL

"For to me to live is Christ"

Phil.1:21

Out of student days in which Dr.Menzel was exceedingly influential there comes the story of the bamboo rod, which became a channel of blessing for the entire community in the village below. That it seems to me was an expression of Dr.Menzel's life. He was here in this church for 8 yrs, making his impress upon it. "For him to live was Christ". Chr. origin of spiritual life, the dynamic or driving power, the object of all his work. So in his missionary work in his contacts with people that was evr evident. Our church feel it an honor to keep alive his memory in our midst thru this memoiral picture. May it serve to inspire us in greater service

A TRIBUTE TO OUR DECEASED

This year we wish to point out the spirit of hope. We do not point to an empty chair & drop our flowers on it, for we do not wish to stress physical. We refer rather to the living flower, beautiful in its white & the yellow center, symbolic of purity & life, as God offers it to his people. While we have the flowers for the deceased, we dedicate these to the living memories which shall remain in our minds & hearts. Let this flower which the church dedicates to the departed inspire you to live worthily & to run with patience the race that is set before you, looking to Jesus the author & finisher of our faith.
