Mr. George Miller
820 South Conkling Street
Baltimore, Maryland

Dear Mr. Miller:

Permit me to thank you for the courtesy extended to Mr. George Gegner and myself when we called to see you a few days ago.

As promised, I have listed on the attached sheet such insurance which you have in force for church building, Sunday School building and parsonage, etc.

You are now carrying \$6000. on dwelling 923 South East Avenue, \$500. on household furniture, \$17,800. insurance on church building, \$5000. on organ, \$9,200. on Sunday School hall, \$2000. on fixtures while contained in Sunday School building.

I would recommend that you place at least \$200. or \$250. on brick garage in rear of parsonage. I also believe that you can reduce your insurance on the organ from \$5000. to \$4000. and increase the insurance on church building from \$17,800. to \$20,000.

Wish to thank you for the opportunity of going over these matters and being of service to your congregation.

Kind personal regards.

Yours very truly,

Adam E. Lauber,
Special Agent.
