Dear Mr Parker:

After examination of the Pipe Organ in the United Church of Christ as you Requested, I Recomend we Tone Regulate and Tune the Organ, to get the Present Stops in. best possible condition, after this we could decide what additional stops would be the most suitable ,to improve the organ Tonaly.

For this work I can Quote -----\$ 500.00 or do the work on a time and Material basis, for a man and helper the rate would be \$ 15.00 per hour.
