

SENIOR COUNCIL

Please be advised that the attached graph shows only the ages of the members and the number of members in the various age groups. This graph is not at all concerned with attendance. It is my opinion that the proposal to employ another minister for the purpose of getting the younger age groups to church is a good one. I hope that Mr. Tuerk, and the rest of his committee, can use this information at the next congregational meeting to inform the people of the need for another minister.

Respectfully submitted,

Henry G. Schneider Jr.  
(Chairman) Membership Committee
