United Evangelical Church
East Avenue and Hollen Street
Baltimore, Maryland
Mr. Albert Fader, President

Dear Mr. Fader,

On behalf of the staff and all other persons of the Cooperative Vacation Church School recently held at United, I do most sincerely thank everyone who in any way helped in making the school possible. We appreciated very much the extra work done by the church secretary, Mrs. Fader, in doing the typing and mimeographing for us. The caretakers had a lot of extra work to do and their cooperation was very much appreciated, also. For the interest and the help given to us by both Pastor Naecke and Pastor Weisser in the planning stages of the school and during the days of the school, we say a most heartfelt "thank you both."

Much of the time when the school was held, the

thermometer hovered in the ninety degree mark. It was certainly pleasing to be able to meet in an air conditioned building. Everyone was pleased, too, that the entire School could be held in one building.

We had a total registration of one hundred sixty-five pupils, twenty-teachers (including a Superintendent for each department) and seventeen helpers. The attendance was good, remaining so even to the final day of the school.

Thank you also for the contribution of one hundred dollars for the expenses of the school. As with everything else, it cost more to run a vacation school now than a few years ago.

We also appreciated the use of the visual aids of United Church School's visual aid department.

Again may I say "thank you" most sincerely to one and all for whatever may have been done to help us in ^{the} planning and in the actual daily ^{work} of the school when it was in session.

Very sincerely yours,
May G. G.
