Mr. George F. Schumann
700 Kenwood Avenue
Baltimore, Maryland

Dear Mr. Schumann:

In reply to your telegram inquiring when I could be in Baltimore to preach I suggested the first possible date open to me, namely the fourteenth of January. I trust that this Sunday will be satisfactory to you and the congregation. Thank you for the invitation.

I suppose that I am to preach both in the English and the German services, as well as take part in the work of the Sunday School on that Sunday. Any further information will be appreciated.

I do not know just how your constitution provides for the selection of a pastor. Might I say that I personally prefer to have the election soon after the guest sermon; that is, as soon as possible. Would you, please, drop me a few lines acquainting me more definitely with the work of your church. Any details you may see fit to pass on will be deeply appreciated and will enable me to fit myself into your work for that particular Sunday.

Kindest greetings from house to house.

Very Cordially yours,

Rev. Titus Lehmann
