The Ladies Aid
United Evangelical Church
Baltimore, Md.

Dear ladies of the Ladies Aid:

How wonderful it was of you to plan the surprise of the new robe for me, and how truly I was touched with the presentation and the splendid message of your president, to say nothing of the new robe. I do not know how to thank you adequately and to express my gratitude for your kindness in this and the many other tokens of your love you have showered upon Mrs. Rasche and myself.

You all know how I needed a new pulpit robe, the two I have had are both worn out. And so, it was a very practical gift for me. I will cherish the robe and wear it with pride in the continuation of my ministry, pride because I know it was given in love from friends and co-workers who have been grand to the parsonage family all the years we've been with you.

Do now accept my deepest thanks for this wonderful gift and for your love.

Your pastor,

Paul A. Rasche
