Dear Mr. Lunthardt:

We are very pleased to send you a copy of "Maryland Forest Facts", along with some other pamphlets that might be of interest to you. There is no charge for this literature, so we are returning your dollar.

The American Forest Products Industries had a packet for Boy Scout leaders. This office has exhausted its supply, but I will make inquiry and see if copies are still available. If they are, one will be sent directly to you.

Very truly yours,

L. D. Peterson
